Brochure for International Students in Beibu Gulf University

## 一、学校简介

北部湾大学是一所以工学、理学、管理学为主，多学科协调发展的全日制普通高等学校，学校位于北部湾经济区核心港口城市——钦州市。校园占地面积 2070 亩，岭南风格、滨海风光、东南亚风情特色的3A级景区校园，为师生员工提供了良好的教学、科研、学习和生活环境。

学校前身为 1973 年创办的钦州地区师范学校；1991 年5月，设立钦州师范专科学校；2006 年 2 月，升格为钦州学院；2018年11月底，教育部批准在钦州学院基础上设立北部湾大学。

学校现有本科专业54个，硕士学位授权点10个，有全日制在校生约20000多人，留学生400多人。现有教职工1300多人。学校拥有多个广西高等学校高水平创新团队、北部湾经济区高水平创新团队。

学校设有海洋学院、海运学院、机械与船舶海洋工程学院（工程训练中心）等 19个教学单位。建有省级重点实验室（工程技术中心）、省级特色专业、创新创业改革示范专业、实验教学示范中心、虚拟仿真实验教学中心等省级及以上教学科研平台 70 多个。

学校立足北部湾、面向南海和东盟、服务国家战略和区域经济发展，坚持产教融合，以产学研战略联盟为平台，以实践能力和创新能力、就业创业能力培养为核心，与行业企业协同育人、协同创新，形成了特色鲜明的办学模式和应用型人才培养模式。

学校形成了鲜明的海洋性办学特色，开设有海洋科学、轮机工程、航海技术、水产养殖学、船舶与海洋工程、港口航道与海岸工程等一批涉海类专业，构建了海洋生物与技术、海洋交通运输与工程等具有海洋特色的学科专业群。在中华白海豚、中国鲎、珍珠贝、大蚝等海洋物种养护、海岛资源保护与利用等领域的研究居区内乃至全国领先水平。

学校始终秉承开放办学理念，积极推进国际化办学进程，不断提升学校和毕业生的国际竞争力。与越南、泰国、马来西亚、波兰、英国、美国等20多个国家和地区的50多所高校及科研机构建立了交流合作关系。目前，学校招收有来自亚洲、非洲、大洋洲等40多个国家和地区的留学生，并设有国际留学生联谊会，充分保障留学生在校的学习、生活和课余活动。

学校与美国东密歇根大学合作成立广西首个高等教育本科层次中外合作办学机构——北部湾大学东密歇根联合工程学院。与波兰华沙理工大学合作举办本科教育项目，为学生提供联合培养、学分互认、国际产学研合作等各种类型和层次的海外学习交流机会。

为了鼓励外国留学生来我校求学，我校特别设立了北部湾大学奖学金，为优秀来华留学生提供奖学金资助（留学生入学后申请并参加测试，按测试成绩评定奖学金等级，具体申请手续可在我校网页查阅）。同时，到我校攻读学历的东盟国家的留学生也可以申请广西政府东盟国家留学生奖学金。

## I. Introduction to Beibu Gulf University

Beibu Gulf University(BGU) is a full-time university with a focus on engineering, science and management and a coordinated development of multiple disciplines. The university is located in Qinzhou city, the core port city of Beibu Gulf Economic Zone. Covering an area of 138 hectares, the campus is the ideal place for study and research.

The former name of BGU was Qinzhou Normal School founded in 1973, and then it was transformed into Qinzhou Teachers College in 1991 and upgraded to Qinzhou College in 2006. In the end of 2018, Chinese Ministry of Education officially approved the establishment of Beibu Gulf University on the basis of Qinzhou University.

There are 54 undergraduate majors and 10 master degree programs in Beibu Gulf University, with about 20,000 full-time students (including over 600 international students) and over 1,300 faculty members. The university has a number of high-level innovation teams in Guangxi higher education institutions and Beibu Gulf Economic Zone.

BGU has 19 secondary colleges including Ocean College, Maritime College, College of Mechanical and Marine Engineering (Engineering Training Center). It has more than 70 teaching and research platforms at or above the provincial level, including provincial key laboratories (engineering technology center), provincial characteristic majors, innovation and entrepreneurship reform demonstration majors, experimental teaching demonstration centers, and virtual simulation experimental teaching centers.

Based in Beibu Gulf, facing the South China Sea and ASEAN, serving the national strategy and regional economic development, the university adheres to the integration of production and education. Thus, it takes the strategic alliance of production, education and research as the platform, focusing on the cultivation of practical ability, innovation ability and employment and entrepreneurship, cooperating with industrial enterprises in talent training and collaborative innovation, which has formed a distinctive university-running model and an applied talent training model.

With distinctive maritime characteristics, the university has established a number of marine-related majors such as marine science, marine engineering, navigation technology, aquaculture, ship and ocean engineering, port waterway and coastal engineering, thus built the discipline cluster with marine characteristics such as marine biology and technology and marine transportation and engineering. It takes a leading role at the provincial or even national level in the research fields of Chinese white dolphins, Chinese cockroaches, pearl oysters, oysters and other marine species conservation, as well as the island resources conservation and utilization.

The university adheres to the philosophy of open and collaborative education, and has established cooperative relations with more than 50 universities or institutes in over 20 countries and regions. These include Vietnam, Thailand, Malaysia, Poland, Britain and the United States. At present, there are more than 600 international students from over 40 countries and regions.

The university partners with Eastern Michigan University of USA to establish the Eastern Michigan University Joint College of Engineering in Beibu Gulf University. The partnership represents the first international joint University at undergraduate level in Guangxi. Through cooperating with Warsaw University of Technology in Poland to hold undergraduate education programs, the university provides students with various types and levels of overseas study and exchange opportunities, such as joint training, mutual recognition of credits, and international communication.

In order to encourage foreign students to study in our university, “BGU Scholarship” is offered to outstanding international students. (International students apply for and participate in the test after admission. The scholarship level is assessed according to the test results. The specific application procedures are available at our official Website). At the same time, international students from ASEAN countries who are studying at our university can also apply for the Guangxi Government ASEAN National Student Scholarship.
